RESPONSE TO
NOTICE OF NON-COMPLIANT AMENDMENT DATED NOVEMBER 2, 2006

Sir:

On October 24, 2006, a response was filed to an Official Action for the above entitled application. On November 2, 2006, a Notice of Non-Compliant Amendment was issued by the US Patent Office indicating that in the section of the response relating to amendments to the claims that each claim had not been properly identified with a proper status identifier. The label "currently amended" was underlined presumably to indicate that such identifier was probably appropriate for certain claims but not used. In response to the Notice of Non-Compliant Amendment, please find attached the following claim amendments with the correct identifiers and the remarks essentially as filed in the original response. Applicants respectfully request this amendment to be considered, as Applicants believed that the amendment places the application in condition for allowance or in better condition for appeal.

Amendments to the Claims are reflected in the listing of claims, which begins on page 2 of this paper.

Remarks/Arguments begin on page 15 of this paper.
